STORMWATER DESIGN CERTIFICATION

PROJECT: PROPOSED RESIDENTIAL DEVELOPMENT

Project No: 26G6751

Client: Ton Carr

Address: 14 Beach Street Ettalong Beach

Dear Sir/Madam,

We, Grand Engineering Pty. Ltd, the practicing Civil Engineers hereby advise that we are responsible for the stormwater design & documentation for the proposed residential development at the above address.

Pursuant to the provisions of the Building Code of Australia, I hereby certify the design is in accordance with normal engineering practice and meets the requirements of the Local Council DCP in concept and construction. If there are any details that the council's engineer requires for approval, Grand Engineering is more than willing to assist with achieving the intended outcome and reflect that in the drawings to their satisfaction.

We are appropriately qualified and competent people in this area and as such can certify that the design and performance of the design systems comply with the above and which are detailed on the stormwater drawings with the project number 26G6751 – Issue A, dated 02.06.2026.
