Attention: Mr. Robert Williams

Dear Sir,

In reference to the above we would like to add the following to our objection which was submitted on 12th June via Councils website.

We retired to Pearl Beach just over 8 years ago, this is our home, not a holiday house or short term rental but where we chose to live out our retirement years. The house is full of light and sunshine all year round and our living areas both inside and out reflect this with our back garden being the focal point from all aspects of the house.

Thank you for taking the time to read this and hopefully it will be taken into account when a decision is made.

Regards,
